

Agenda for Management Briefing on Incorporation of Usage Data

General Information

- **Location:** Potomac Yards South, Room 10100. Contact Jean Bethea for Access to the Building at 703.347.0268 or Brian Anderson at 703.305.0067
- **Remote Access to meeting available through Skype (see meeting invite for link).**
 - **Phone Line:** 1 (202) 991-0477; Access Code: 2633120#
- **Time:** Monday December 10th, 2018. 1:00 to 3:00
- **Goal:** To update management on progress defining the agricultural portion of the action area incorporating usage data. The team will present area of agreements and discuss key issues that require input from senior managers. The key issues include: (1) how to address areas with no information regarding usage (e.g., the crop is labeled as a use site, but the crop has not been surveyed at the state-level); and (2) utility of non-national data sources and when to include them in the process.

Presentations

- **Introduction and Overview:** Brian Anderson, **5 minutes**
- Presentation on shared agreements in methodology to incorporate usage data into Step 1 using malathion as an example. **Colleen Rossmeisl, 20 minutes**
- Agencies' perspectives on methodology, key issues, and recommendations
 - FWS, USDA, NMFS, EPA (**up to 10 minutes each**)

Discussions

- Group Discussion: Interagency group, **40 minutes**
 - **Team is seeking direction on these particular topics.**
 - **Discussion Topic 1 (20 minutes).**
